1. Introduction

This Deliverable is the interim report of “Deliverable 2.1.2: Seeg’s Site” which concerns the Development of the website for the Seeg Project, of the contractor, «A. BABATHANASIS & SIA O.E.» with distinctive title “Optimum Informatics” for the behalf of the Leader beneficiary, “**Rodopi Chamber of Commerce and Industry**”.

It is submitted in terms of the contract between the **Rodopi Chamber of Commerce and Industry** and «A. BABATHANASIS & SIA O.E.» for the project entitled **Development of the official website for the project "SeeG" and connection with the website of the Rodopi Chamber of Commerce and Industry (Deliverable 2.1.2: SeeG's SITE)**., which is implemented in the framework of INTERREG V-A Greece - Bulgaria 2014-2020 Cooperation Program (MIS 5070714). More precisely, this Deliverable refers to the actions and activities implemented from **07/06/2022-07/08/2022**.

2. Description regarding the website development of the “Seeg” Project.

For the information and dissemination needs of the project to be covered a website will be developed where all project beneficiaries and stakeholders, objectives, results, deliverables, news and feeds etc. will be presented.

This is the main and the most widely accessible communication channel of the Seeg project. It will serve the two-fold purpose: to raise awareness of the Interreg V-A “Greece- Bulgaria 2014-2020” Cooperation Program and inform about the specific objectives and activities of Seeg project as well as to provide access to project results to all stakeholders.

The name of the website should be short and memorable, so the final domain name is <https://seeg.rodopicci.gr/>

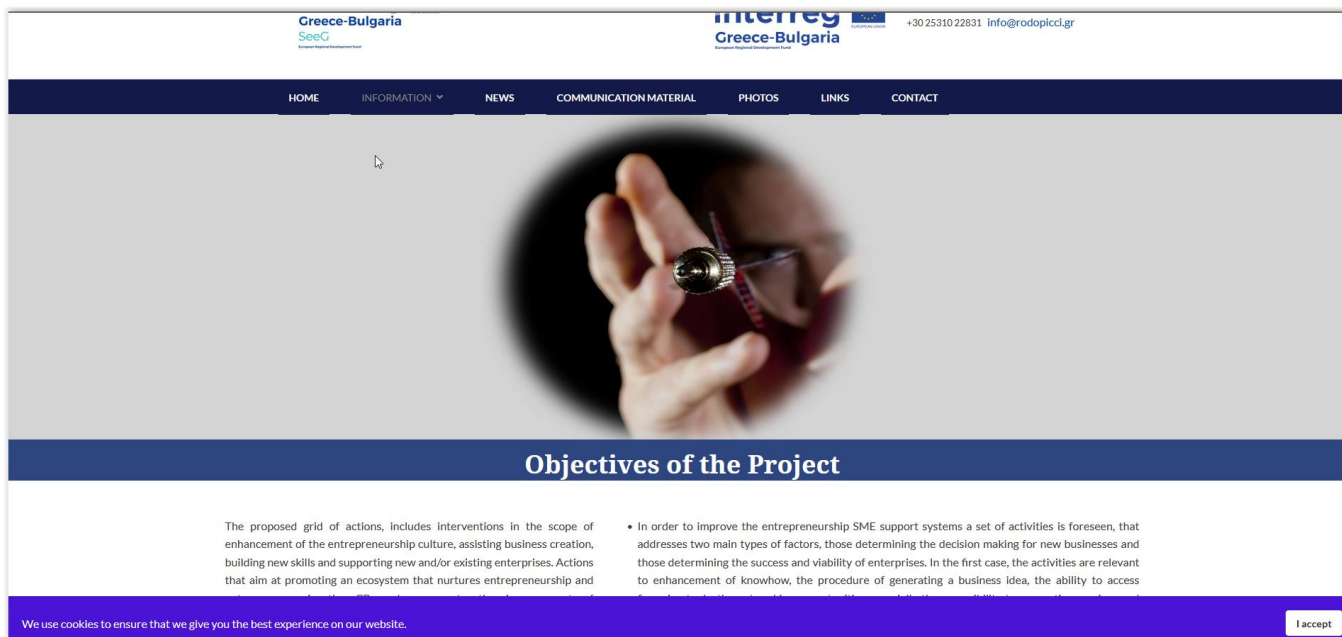

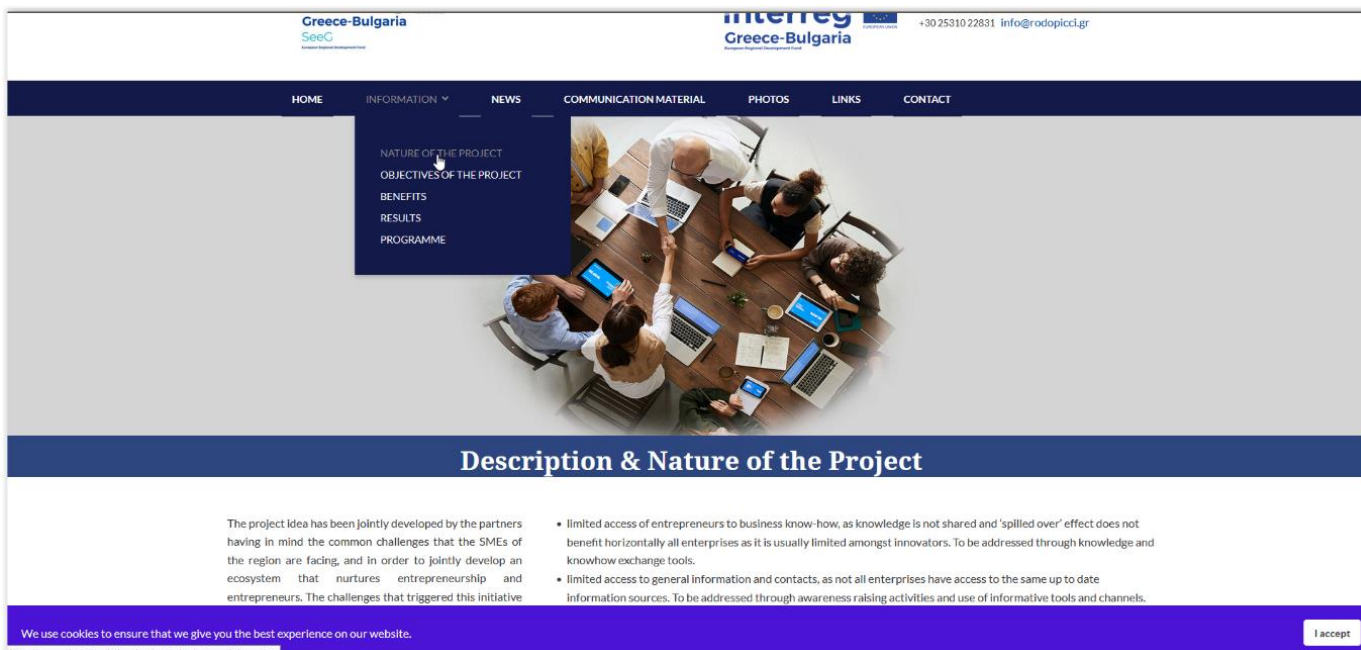

The project website will be kept online at least two years after Project closure (contractual end date of a Project). In case of an audit check by a competent body (i.e. Second Level Control) the Project Beneficiaries must be able to prove that the Project site was operational for this period, that the data corresponded to the needs of the Project and of the Programme, and that all information and publicity requirements were met in accordance with the I&P Guidebook.

Please communicate the website’s expiry date to the Joint Secretariat (JS) and more specifically to the Communication Officer and the Project Officer at least four months before the expiration date. Please note that in case a Project’s duration is extended, the website’s expiry date must be extended accordingly.

2.1. Brief-Specific rules to be observed in project website design (website specifications):

The Project’s webpage must:

- ✓ Provide information about the Project, its nature, goals, procedures, benefits and the programme.

Interreg V-A «Greece-Bulgaria 2014-2020» Cooperation Programme

Greece and Bulgaria, two neighboring countries with a rich past, since the end of the 1990s have entered an era of closer co-operation, due to the INTERREG Programme "Greece-Bulgaria".

The main idea behind "INTERREG" is that countries have issues which can be better solved if they work together with their neighbors than if each one remains confined within its borders. So for this reason, in our Programme we promote activities that bring our people closer.

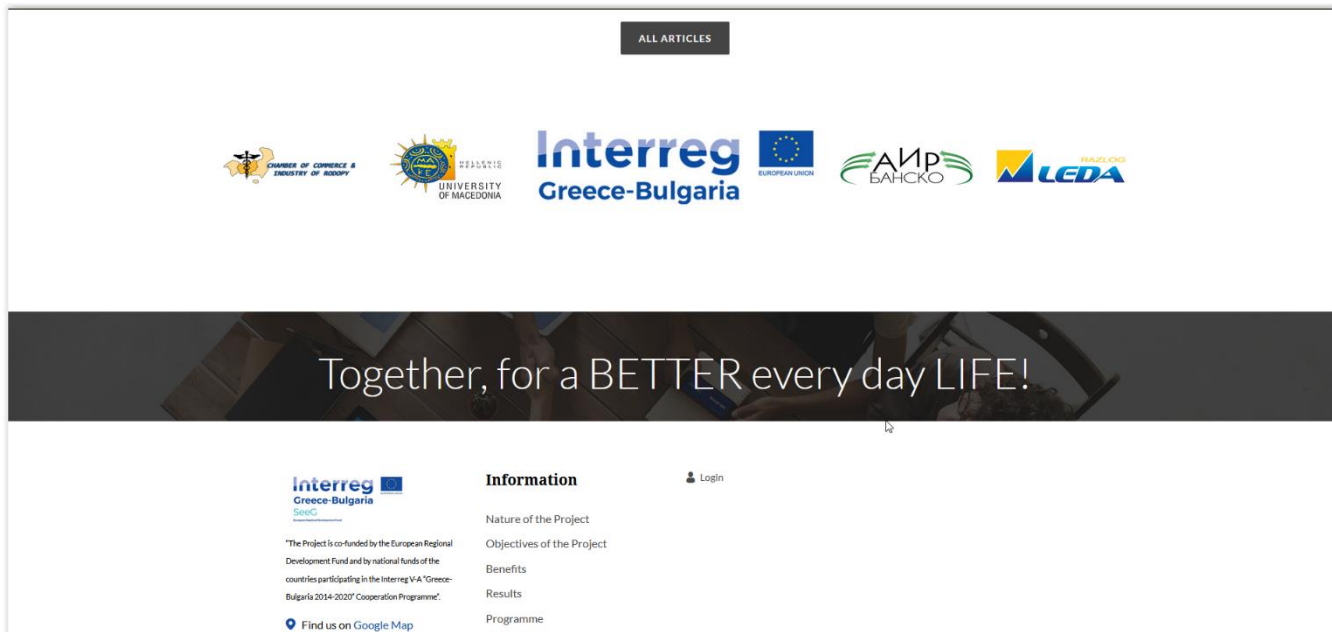

One needs to look no further than the land and the rivers we share and move on to roads and then to culture, food and traditions. In every case what happens on the one side of the border affects the other side as well. The need for joint actions is gradually becoming the normal than the exception.

We focus in Northern Greece and in Southern Bulgaria around our common border.

All of our actions take place in the area of Evros, Kavala, Xanthi, Rodopi, Drama, Thessaloniki, Serres and in Blagoevgrad, Smolyan, Kardzhali, Haskovo.

We work with public and other institutions on both sides of the border that can benefit and positively influence the widest possible numbers of inhabitants, funding a very diverse range of activities that fall in the sectors of competitiveness, environment, culture, transportation, health and social issues.

Include some basic information for the Beneficiaries and their contact details

Have a category under which one can find latest news

There are categories where one can find communication material and photos

The screenshot shows the 'COMMUNICATION MATERIAL' page. At the top, there is a navigation bar with links for HOME, INFORMATION, NEWS, COMMUNICATION MATERIAL, PHOTOS, LINKS, and CONTACT. Below the navigation bar, the page title 'COMMUNICATION MATERIAL' is displayed. The main content area features a list of communication materials, each with a thumbnail icon, a title, a file name, and two buttons: 'Details' and 'Download'.

Item	File Name	Details	Download
Poster_SeeG	Poster_SeeG.pdf	Details	Download
Flyer_en_SeeG	Flyer_en_SeeG.pdf	Details	Download
Banner_SeeG	Banner_SeeG.pdf	Details	Download
3-fold_SeeG	3-fold_SeeG.pdf	Details	Download
AGENDA 3rd TECHNICAL MEETING_SeeG		Details	Download

The screenshot shows the 'PHOTOS' page. At the top, there is a navigation bar with links for HOME, INFORMATION, NEWS, COMMUNICATION MATERIAL, PHOTOS, LINKS, and CONTACT. Below the navigation bar, the page title 'PHOTOS' is displayed. The main content area features a large, dark, abstract image. At the bottom of the page, there is a footer section with the Interreg Greece-Bulgaria SeeG logo, a 'Login' button, and a section titled 'Information' with sub-points: 'Nature of the Project' and 'Objectives of the Project'.

At the bottom of the website, the Cooperation Program and the EU co-financing is mentioned. This includes the Program logo along with the textual reference to the funding sources: "The project is co-financed by the European Regional Development Fund and by national resources of the countries participating in Interreg Cooperation V-A "Greece-Bulgaria 2014-2020". Program". Both should appear on the home page (front page) of the Project website. The website should link to the Program website (redirection via the Program logo which should be prominently included).

*The Project is co-funded by the European Regional Development Fund and by national funds of the countries participating in the Interreg V-A "Greece-Bulgaria 2014-2020" Cooperation Programme".
